LITTLE BIG LOVE

The cute little hearts combined with the classic anchor chains have proven to be the most loved design in our jewelry collection. Classic as the original coral red edition or with that little extra burgundy nobility.

It is normal for jewellery to oxidize when exposed to air. To preserve the quality of the jewellery it is important to clean it regularly:

Cleaning

Use warm water with a drop of mild detergent and clean the jewellery carefully with a soft cloth or brush. OBS: Jewellery with freshwater pearls must ONLY be cleaned with water and nothing else.

Daily use

Remove the jewellery before showering, exercising, sun bathing etc. Take of the jewellery before using body lotion, perfume, hair spray etc.

Storage

Store your jewellery clean and dry, preferably in a closed box or a polybag. Do not store your jewellery in the bathroom.
