The power of colors

What would life be without color? Monochrome. Black. White. Boring. We at Copenhagen Design are here to celebrate all the colors of the world, add a splash of color to everyday life, and make your day sparkle. And who is better to partner up with on that mission than PANTONE. - the world's No1. leading authority on all things color.

Copenhagen Design is the sole licensee of PANTONE in more than 70 countries within the home, office, and lifestyle range. Through close collaboration with PANTONE, all our products and colorways are approved at the PANTONE Laboratory to ensure the highest level of color accuracy. We hold the exclusive right to brand our products with official PANTONE color chip codes, which is an exact match to the professional PANTONE Color System (PCI).

Colors have never been more important than they are today. Every brand needs to stand out and shine bright, and color ownership is key to that ambition. Companies worldwide aim at showing their business in colors that define who they are and what they stand for.

At Copenhagen Design we offer your brand the possibility to take complete ownership of your brand color through our unique range of lifestyle products linking your brand to the corresponding official PANTONE color chip code. Taking your business one step closer to true brand color ownership.

We have several premium brands in our portfolio, outstanding collaborations with brands such as Valentino, Estee Lauder Group, Kate Spade New York, LMVH Group / Veuve Clicquot, Manchester United, Emirates, The Oscars / Academy Awards, Netflix and many, many more.

A world infused with colors

Life is colors. This is how we see the world at PANTONE. And we experience the joy of working with colors every day.

Working professionally with colors, we recognise that no two people see colors in exactly the same way. In fact, it was with this insight in mind that we invented the PANTONE MATCHING SYSTEM® over 50 years ago.

Today, this is used daily all over the world, by art directors and designers to infuse their work with color – and ensure that their choice of color is true to their original idea.

Through the collection of PANTONE lifestyle products made by Copenhagen Design, we want to share our love of colors and enable you to express yourself through colorful accessories like a coffee cup in vibrant yellow, a key chain in daring pink or a water bottle in classic dark blue.

In the emerging world of sustainable practices and corporate social responsibility, knowing and being in control of your supply chain is increasingly essential. And Copenhagen Design wishes to sustain this focus throughout our production process.

It is about the choices we make, about being consistent. And transparent. We require of our manufacturers that they adhere to applicable laws and regulation consistently and conscientiously. We monitor the auditing processes and follow up on a regular basis.

Product sustainability

Some of the choices we make include finding sustainable materials for our products, such as the plastic product Tritan. It contains:

- no bisphenols
- Neither BPA nor BPS

Making it the safe choice for our clients – and for the end users of each item produced.

Another example is our manufacturer in Thailand who produces all our ceramics.

They focus on:

- Wastewater management
- Changing all fixtures in the factory to LED lighting.

And they have recently converted as much as a third of their electricity consumption to solar power by installing their very own solar panels on the roof of the facility.

As a part of our sustainable journey, we have made the choice to recycle our packaging to help reduce the volume of waste sent to landfill. This means that all orders made on our webshop will be sent in recycled packaging.

Working environment

Sustainability is not only about products and processes, but also about the people who work for us. It is a perpetual process of improvement, but all our manufacturers are also audited on a regular basis when it comes to living and working conditions for their employees, from safety in the workplace to worker's rights and environmental regulation.

At Copenhagen Design we welcome and applaud all improvements and continue to monitor and support the journey towards a more sustainable future in all its aspects.

“PANTONE 11-4201 Cloud Dancer is a lofty white that reads like a breath of fresh air. Infused with a feeling of billowy softness, Cloud Dancer conveys an inner tranquility, creating an atmosphere of serenity and spaciousness. A conscious statement of simplification Cloud Dancer provides a refuge of visual cleanliness, encouraging true relaxation and quiet focus. Offering a promise of continuity and clarity, Cloud Dancer points us towards an aesthetic free from harshness and rigidity. A futuristic utopia that is friendly, positive, and peaceful in feeling.

A World of Color by Copenhagen Design

**Imagine life without color.
Black. White. Monotonous.**

At Copenhagen Design, we celebrate the vibrant colors that surround us, adding brilliance to everyday life. That's why our partnership with PANTONE™, the world's color authority, is so perfect.

As the official Pantone licensee for home, office, and lifestyle products across 70+ countries, we ensure every item meets exacting standards. Each product is verified in Pantone's Laboratory for precise color accuracy and features official Pantone Color Numbers that exactly match the professional Pantone Color Systems.

In today's competitive marketplace, color defines brand identity. Copenhagen Design offers your business the opportunity to claim true ownership of your brand color

through our premium lifestyle products, connecting your visual identity to official Pantone Color Numbers.

Our impressive client portfolio includes collaborations with global brands like Valentino, Estée Lauder Group/Clinique, Kate Spade New York, LVMH Group/Veuve Clicquot, Manchester United, Emirates, The Academy Awards, Netflix, and many others.

Let us help you truly own your brand color while providing exceptional, high-end products perfect for client gifts, brand stores, team uniforms, or marketing campaigns.

The possibilities are endless—and essential.

Netflix

A Spectrum of Color, Connection, and Celebration

When NETFLIX sought to create memorable gifts for their global network of filmmakers, actors, and production teams, they turned to Copenhagen Design for a solution that captured their iconic brand essence. Drawing inspiration from Netflix's distinctive animated "ident"—where the "N" transforms into vibrant beams of colored light—we developed an exclusive six-piece latte cup collection. Each cup features a different bright hue from the Netflix color spectrum, elegantly presented in custom packaging that mirrors the streaming platform's signature visual identity. The success of this initial collaboration has sparked development of additional branded items including tote bags, premium notebooks, lanyards, and drinking bottles—all designed to celebrate Netflix's colorful creative community.

Valentino

Valentino's Pink PP: From Runway to Everyday Luxury

When European fashion powerhouse Valentino created their iconic Pink PP hue—the result of meticulous testing, refinement, and artistic vision—they sought a partner who could translate this distinctive color beyond the catwalk. Copenhagen Design proudly collaborated with Valentino and PANTONE to transform this vibrant signature shade into tangible lifestyle products, maintaining its precise energy and essence.

The resulting special-edition collection allows admirers worldwide to incorporate authentic Pink PP into their daily lives. Each item represents not just a luxury purchase, but a connection to Valentino's pioneering fashion legacy through color ownership that's both exclusive and accessible—bringing runway sophistication into homes and personal spaces with uncompromising authenticity.

Oscar Gold

The Oscars: From Iconic Gold to Exclusive Lifestyle Collection

When the Academy of Motion Picture Arts and Sciences approached Copenhagen Design with a challenge to capture the essence of the iconic Oscar statuette in product form, we embraced the opportunity to work with Hollywood's most recognized symbol. Our design team meticulously matched the distinctive gold hue that has represented cinematic excellence for generations, creating an exclusive lifestyle collection worthy of the Academy's prestigious heritage. Today, these PANTONE-perfect products serve dual purposes that elevate the Oscar brand beyond the ceremony itself. They're presented as exclusive gifts to industry luminaries while also being available to film enthusiasts at the official Academy Museum Store in Hollywood—allowing the unmistakable golden legacy of the Oscars to extend from the red carpet into everyday life.

Jägermeister

Evolving a Legacy Through Color

When iconic spirits brand Jägermeister embarked on their journey to connect with younger audiences while promoting responsible consumption, they recognized the power of lifestyle products to carry their refreshed identity. Copenhagen Design partnered with Jägermeister to develop an exclusive collection featuring their updated color scheme, creating tangible extensions of their evolving brand story beyond the bottle.

Beginning with heritage-inspired hip flasks and mugs that honor Jägermeister's rich origins, our collaboration continues to expand with candleholders, latte cups, and decorative jars in development. This thoughtfully curated collection represents more than merchandise—it's a strategic transformation enabling Jägermeister to transcend its traditional après-ski associations and emerge as an authentic lifestyle brand that resonates across occasions and generations.

Estee Lauder Group, Clinique

Building Brand Cohesion Through Signature Color

When global skincare leader Clinique needed to strengthen their visual identity across customer touchpoints, they turned to Copenhagen Design to bring their iconic Clinique Green to life beyond product packaging. What began as a request for perfectly color-matched notebooks for sales associates—enabling consultants to elegantly record customer skin assessments and product recommendations during in-store consultations—evolved into something much more significant.

The successful collaboration has since expanded into a comprehensive collection including sophisticated coffee mugs in premium gift boxes, branded lanyards, and exclusive tote bags—all featuring the precise PANTONE-authenticated Clinique Green. This thoughtfully curated range not only reinforces brand recognition but transforms everyday items into ambassadors of Clinique's commitment to quality and attention to detail, creating cohesive experiences for both team members and loyal customers worldwide.

Championing Yellow Beyond the Bottle

When prestigious champagne house Veuve Clicquot sought to extend their iconic yellow identity beyond their legendary Brut Yellow Label, Copenhagen Design answered the call to create something extraordinary. Working with the LVMH Group's signature "Yellow Widow" hue—perhaps one of the most recognizable color associations in luxury beverages—we developed a precisely color-matched lifestyle collection that captures the brand's sophisticated essence. These meticulously crafted products now form a central element in Veuve Clicquot's permanent campaign universe, allowing admirers to experience the champagne's distinctive personality through everyday objects that carry the same commitment to excellence as the celebrated bubbles themselves.

Kate Spade, New York

Extending Brand Essence Through Color

When iconic fashion house Kate Spade New York created their distinctive Kate Spade Green in partnership with Pantone, they sought a way to extend this signature color beyond fashion into lifestyle products that embodied their brand essence. Copenhagen Design transformed this distinctive hue into premium cups and notebooks that serve dual purposes—elevating internal management meetings while offering devoted customers authentic pieces of the Kate Spade experience through their international web shop and retail locations. This thoughtful color extension allows the brand’s unique personality to integrate seamlessly into both corporate culture and the everyday lives of their global community.

Emirates Gold

Emirates: Elevating the Golden Experience Beyond the Skies

When global aviation leader Emirates sought to strengthen their exclusive Business Gold membership experience, they partnered with Copenhagen Design to extend their prestigious golden identity beyond the aircraft cabin. While the airline is renowned for its signature red branding, the Business Gold tier demanded something truly exceptional—a bespoke collection of premium lifestyle products including elegant tote bags, custom-boxed umbrellas, refined lanyards, and sophisticated notebooks. This meticulously crafted golden collection is now available exclusively to Business Plus members in-flight, through the Emirates web shop, and in select airport locations—culminating in the ultimate luxury touch: sipping your complimentary coffee from a perfectly color-matched gold mug while soaring through the skies in Business Gold class.

Parajumpers

Capturing Technical Luxury in Everyday Design

When Italian luxury outerwear brand Parajumpers—inspired by the elite rescue teams of Anchorage, Alaska—sought to extend their distinctive aesthetic beyond apparel, they turned to Copenhagen Design for a precision solution. Known for blending technical innovation with high fashion, Parajumpers’ identity is anchored in signature elements like their “That Others May Live” motto and the iconic yellow parachute-hook collar straps that grace their premium garments. Our collaboration focused on distilling this sophisticated adventure-ready spirit into a clean, minimalist pencil cup crafted in the exact Parajumpers 165 C color. The result is an elegant desk accessory that seamlessly translates the brand’s commitment to functionality and refined design into everyday objects, allowing admirers to experience the Parajumpers ethos beyond their wardrobe.

Venchi

Sweet Italian Legacy in Perfect Color

When legendary Italian chocolatier Venchi—a brand with over 145 years of heritage bringing the essence of Italian indulgence to more than 70 countries worldwide—sought to extend their sensory experience beyond confections, they partnered with Copenhagen Design for a touch of color brilliance. Our collaboration resulted in a carefully curated collection including precisely color-matched lanyards and elegant macchiato cups, each bearing both the distinguished Venchi logo and its unique PANTONE color code. These premium items have found a special place nestled within Venchi's beloved Easter eggs—transforming seasonal chocolate gifts into lasting brand experiences that capture the authentic Italian passion for life's finest pleasures in every perfectly colored detail.
